Oma Travels Packages

Cancun & Riviera Maya | An honest all-inclusive proposal for two adults

Flamingo Cancun promotional photograph, via Expedia [R3]. Actual conditions and room category may differ.

A warm-weather escape. A shared decision. No hidden optimism in the budget.

Prepared for an Edmonton departure around November 1-8, 2026, with flexibility from October 30. Original package target: **$1,400 per person / $2,800 for two.**

Our pitch

Choose the experience you will enjoy, then protect the budget around it. Start with Riu Lupita for value if a beach shuttle is acceptable; consider Flamingo for a beachfront Cancun base; use BlueBay as the price benchmark, with its review trade-offs clearly understood.

Prepared October 22, 2026. Six resorts reviewed. Photos, guest-review snapshots, sample activities, planning budgets and official travel resources included. No reservation or payment has been made.

What we would actually recommend

A recommendation based on your preferences, not on a commission or a secured rate.

First resort to verify: Riu Lupita. The strongest Expedia guest-score snapshot in this shortlist, at 8.0/10. Its seven-day listing was $1,395 each. The compromise is significant: rooms are inland, about 2.5 km from the sea. Choose it only if you accept using a beach shuttle. [S1, S5, R2]

Beachfront Cancun alternative: Flamingo. A smaller Hotel Zone base with a seven-day listing of $1,545 each. The additional $300 for two versus Riu buys a different location and direct beach access, not a guarantee of better food or newer rooms. [S1, S6, R3]

Lowest listed week: BlueBay Grand Esmeralda. At $1,385 each, its seven-day offer is only $20 cheaper for two than Riu. Do not choose it purely for that small difference: walking distances, room condition and beach experience are material review concerns. [S1, S4, R1]

Lower priority for this two-adult trip. All Ritmo is family and waterpark focused. Grand Oasis adds a livelier resort concept but has the lowest guest score checked and restaurant-access restrictions. Dos Playas remains a possible modest beachfront option, but there is no confirmed November 1-8 offer. [R4-R6, S3, S9-S10]

Budget reality
The $2,800 ceiling is feasible as an advertised package target. It is not yet a demonstrated full-trip budget. A practical model adds $300 in a lean case, or $720 with more allowances. See page 4 before agreeing on a ceiling.

Read the proposal in this order

Page 3: advertised offers and evidence limits. Page 4: complete budget model. Pages 5-10: resort profiles. Pages 11-12: activities and sample itinerary. Pages 13-14: travel preparation and booking checks. Pages 15-16: clickable source register.

Sources: [S1] Sunwing: Cancun offers from Edmonton | [S3] Redtag: Dos Playas package listings | [R1] Expedia: BlueBay guest reviews and photos | [R2] Expedia: Riu Lupita guest reviews and photos | [R3] Expedia: Flamingo guest reviews and photos

The offers: useful leads, not promises

All prices below are CAD, per adult sharing one room, with advertised taxes and fees.

Resort / departure	Listed duration*	Each	Two	Vs $2,800
BlueBay / Oct 30	6 days	$1,345	$2,690	-$110
BlueBay / Oct 30	7 days	$1,385	$2,770	-$30
Riu Lupita / Oct 30	7 days	$1,395	$2,790	-$10
All Ritmo / Oct 30	7 days	$1,465	$2,930	+$130
Grand Oasis / Oct 30	7 days	$1,525	$3,050	+$250
Flamingo / Oct 30	7 days	$1,545	$3,090	+$290
Dos Playas / Nov 1	Old listing	Unverified	Unverified	Do not rely

*The seller uses the word "days." Exact hotel nights, flight dates and arrival times have not been confirmed. Do not automatically read seven days as seven hotel nights. An October 30 departure changes the original November 1-8 plan.

What has and has not been checked

Sunwing promotion pages specify **From Edmonton**, and the linked search for BlueBay specifies **YEG, two adults, one room**. A general header may still display Toronto: check the actual booking summary. The booking engine stopped at device verification, preventing checkout-price and flight verification. [S1-S2]

No carrier, connection, checked-bag entitlement, transfer inclusion, room availability, cancellation terms or final total is established for these offers. Prices moved between search snippets and live pages during research; the table preserves the live advertised snapshot used for this proposal.

Dos Playas correction

The earlier $1,359 November 1 lead could not be reproduced. A separate November 18 advertisement was seen at $1,339 each, outside your initial window. Neither is a confirmed November 1-8 booking. [S3]

Sources: [S1] Sunwing: Cancun offers from Edmonton | [S2] Sunwing: shorter stays from Edmonton | [S3] Redtag: Dos Playas package listings

What the holiday may really cost

Planning allowances for both travellers. These are estimates, not provider quotes.

Extra beyond package	Lean model	Standard model
Local taxes / hotel charges reserve	$120	$120
Return airport transfer	$0 included	$150 if excluded
Baggage / seat allowance	$0 included	$120
Travel insurance	$0 existing cover	$100
Optional tips / small spending	$50	$80
Contingency / local transport	$130	$150
TOTAL EXTRAS	$300	$720

Lean assumes you verify existing medical cover, included transfers and sufficient baggage. Insurance depends on age, health and benefits; tax reserves depend on duration and current rates. These are not statements of exact fees. Excursions are excluded.

Package for two	Lean trip total	Standard trip total
BlueBay, 6-day listing: $2,690	$2,990	$3,410
BlueBay, 7-day listing: $2,770	$3,070	$3,490
Riu Lupita: $2,790	$3,090	$3,510
All Ritmo: $2,930	$3,230	$3,650
Grand Oasis: $3,050	$3,350	$3,770
Flamingo: $3,090	$3,390	$3,810

If $2,800 is a firm full-trip maximum

Aim for a package of $2,500 for two with $300 remaining, or $2,080 with the standard $720 reserve. None of the quoted week-length leads meets either threshold. A shorter stay or another date would be needed.

Separate booking is worth comparing only on identical dates, meal plan, room, baggage and refund terms. For example, $600 return flights each plus a $200/night all-inclusive room for seven nights totals $2,600 before transfers and extras. This is arithmetic, not an available offer.

BlueBay Grand Esmeralda

Lowest listed week, with real compromises

Property promotional photo via Expedia [R1]; not a current inspection photograph.

Price lead: $1,345 each / $2,690 for two (6-day listing); $1,385 each / $2,770 (7-day listing). Departure October 30. [S1-S2]

Review snapshot: 6.8/10 | 1,219 Expedia reviews; checked October 22, 2026. Scores and review counts change.

What it offers. A large beachfront all-inclusive near Playa del Carmen, with several pools, a gym and multiple dining venues. Buffet meals and specialty dining provide more choice than a very small hotel, but reservations and opening schedules should be checked. Spa treatments and off-resort activities are not assumed included. [S4]

Fit for you. Best for travellers who put pools, resort time and price above a compact layout or consistently excellent swimming beach.

Guest voices, paraphrased. Jeffrey (September 28, 2026) liked the pool space and specialty meals but described a room move and limited late food. Emily (September 19) praised staff while noting long walks and ordinary food. Monica (July 27) reported an unpleasant beach smell. These are individual experiences, not proof of current conditions. [R1]

Our value judgement. At the seven-day price, the saving versus Riu is only $20 for two. That is too small to outweigh a preference for Riu's stronger review snapshot. BlueBay's six-day price is more useful if reducing the cash outlay matters most.

Before paying: Request a room near the facilities you will use, check current beach photos and ask about restaurant reservations and mobility support.

Sources: [S4] BlueBay: official resort description | [R1] Expedia: BlueBay guest reviews and photos

Riu Lupita

Our first value candidate, if you accept a shuttle

Property promotional photo via Expedia [R2]; not a current inspection photograph.

Price lead: $1,395 each / $2,790 for two, October 30, seven-day listing. Six-day alternative advertised at $1,355 each. [S1-S2]

Review snapshot: 8.0/10 | 882 Expedia reviews; checked October 22, 2026. Scores and review counts change.

What it offers. RIU describes a 24-hour all-inclusive property with tropical gardens, pools, entertainment, Wi-Fi and several cuisines. It is approximately 2.5 km from the sea: this is not a beachfront room location. Beach access uses a shuttle and beach-club facilities; verify the operating timetable. Spa treatments and premium extras need separate confirmation. [S5, R2]

Fit for you. Best for two adults who want an affordable resort base and are comfortable planning beach time around transport.

Guest voices, paraphrased. Frank (April 7, 2026) praised the beach club, food and shuttle arrangement. Brian (January 18) liked the quieter setting and highlighted the inland location. Wesley (May 29) enjoyed staff and entertainment but noted some rooms are far from facilities. Selected reviews are illustrative, not a representative survey. [R2]

Our value judgement. The guest-score snapshot is stronger than the other resorts checked, while the listed price is close to BlueBay. This makes it the first option to verify, not a guarantee of the best stay. Do not pay for it expecting to walk out of your room onto the sand.

Before paying: Confirm the free shuttle frequency, last return, exact beach-club privileges, room location and whether the booked category includes all advertised facilities.

Sources: [S5] RIU: official Riu Lupita description | [R2] Expedia: Riu Lupita guest reviews and photos

Flamingo Cancun

The beachfront Cancun alternative

Property promotional photo via Expedia [R3]; not a current inspection photograph.

Price lead: $1,545 each / $3,090 for two, October 30, seven-day listing. Shorter October 31 listings were also advertised. [S1-S2]

Review snapshot: 7.2/10 | 1,081 Expedia reviews; checked October 22, 2026. Scores and review counts change.

What it offers. A beachfront Hotel Zone resort with buffet dining, a seaside restaurant, bars, snacks and a cafe. The official site lists multiple food outlets, but the presence of an outlet does not establish that premium coffee, private dining or every menu item is included in your rate. Ask for the written meal-plan inclusions. [S6]

Fit for you. Best for travellers who favour a smaller Cancun base and direct beach access over a sprawling resort or extensive nightlife.

Guest voices, paraphrased. Ella (September 15, 2026) praised staff but found rooms dated and food choice limited. Elizabeth (October 11) liked cleanliness and meals but wanted more entertainment. Michael (October 16) enjoyed beach beds and drinks while noting limited food choice and shows. [R3]

Our value judgement. The location may justify the additional $300 for two versus Riu if beachfront access is a must. It does not automatically justify stretching the budget if you mainly want pools and included meals. Plan it as a relaxed beach stay, with paid nightlife optional.

Before paying: Confirm whether the room faces the lagoon or sea, which dining outlets cost extra, evening bar hours and current beach conditions.

Sources: [S6] Flamingo: official dining information | [R3] Expedia: Flamingo guest reviews and photos

All Ritmo Cancun

Family facilities, less compelling for two adults

Property promotional photo via Expedia [R4]; not a current inspection photograph.

Price lead: $1,465 each / $2,930 for two, October 30, seven-day listing. [S1]

Review snapshot: 6.4/10 | 1,003 Expedia reviews; checked October 22, 2026. Scores and review counts change.

What it offers. An all-inclusive beach resort with a waterpark and a family-oriented activity programme. The hotel advertises buffet and specialty dining. That describes the intended offer; ask which restaurants and slides are actually operating during your stay and whether your room is in the main resort area. [S7]

Fit for you. Best if waterpark facilities and a family atmosphere are positives, rather than features you would rarely use.

Guest voices, paraphrased. Jamie (June 7, 2026) praised helpful staff and the budget concept. Vijaya (August 28) liked the low price and beachfront setting. Damanjit (October 17) reported an initial room mismatch and dated facilities, while Bijay (June 20) raised pool maintenance and limited restaurant operation. These reports require follow-up; they are not verified current faults. [R4]

Our value judgement. It costs $140 more for two than Riu's week listing while scoring lower in the review snapshot. For this adults-only party of two, the waterpark is not an obvious reason to pay more. Keep as a fallback if a strong final rate or preferred location changes the comparison.

Before paying: Ask for current, dated room and waterpark photos; confirm restaurant opening schedules, room location and any stair or accessibility concerns.

Sources: [S7] All Ritmo: official resort and dining | [R4] Expedia: All Ritmo guest reviews and photos

Dos Playas Faranda

Modest beachfront option; price still unresolved

Property promotional photo via Expedia [R5]; not a current inspection photograph.

Price lead: No confirmed November 1-8 quote. Earlier $1,359 November 1 advertisement could not be reproduced. November 18 was separately advertised at $1,339 each, outside the original window. [S3]

Review snapshot: 7.6/10 | 663 Expedia reviews; checked October 22, 2026. Scores and review counts change.

What it offers. A modest beachfront hotel at Playa Tortugas in the Hotel Zone. Air Canada Vacations lists buffet breakfast, lunch, snacks and dinner; domestic alcoholic drinks from 10:30 a.m. to 10:30 p.m.; Wi-Fi and gratuities. Environmental sanitation charges are payable locally. A standard room can have a king bed or two doubles. [S8]

Fit for you. Best for travellers happy with simple rooms who want a beach base and convenient access to ferry excursions.

Guest voices, paraphrased. Carolina (June 30, 2026) liked the beach, cleanliness and location but wanted more consistent food. Secilie (February 25) praised staff and beach access while describing an older hotel needing renovation. Kim Aljon (April 19) found rooms clean and service good despite older buildings. [R5]

Our value judgement. Worth comparing if an actual Edmonton quote becomes available near the target. It is not currently a priced recommendation for your dates. Do not fund a separate flight purchase on the assumption that the earlier package still exists.

Before paying: Get an Edmonton-specific written quote for two, exact hotel nights and transfer details. Check the room plan, meal hours and local sanitation charge.

Sources: [S8] Air Canada Vacations: Dos Playas inclusions | [R5] Expedia: Dos Playas guest reviews and photos

Grand Oasis Cancun

A livelier concept with a higher caution threshold

Property promotional photo via Expedia [R6]; not a current inspection photograph.

Price lead: $1,525 each / $3,050 for two, October 30, seven-day listing. [S1]

Review snapshot: 6.2/10 | 2,142 Expedia reviews; checked October 22, 2026. Scores and review counts change.

What it offers. A beachfront resort marketed around entertainment, dining and multiple activity areas. The Oasis site distinguishes restaurant access and paid extras; do not assume all venues across the complex are included. Booked room category and wristband privileges matter. It is a more activity-oriented concept than a quiet, compact beach hotel. [S9-S10]

Fit for you. Best if a busier resort atmosphere is a deliberate preference and you are willing to check inclusions carefully.

Guest voices, paraphrased. Iraida (September 29, 2026) liked food and service. Enedina (September 25) reported limited restaurant and bar access. Sheldon (October 17) reported cleanliness and food problems despite friendly service. The low overall snapshot and sharply mixed experiences warrant checking recent reviews before paying. [R6]

Our value judgement. It is above the original package budget and has the weakest guest-score snapshot checked. It is not our first choice for an uncomplicated value holiday. Consider it only if the entertainment concept matters more than the risks highlighted here.

Before paying: Request the exact included restaurant list, premium charges, room-category privileges, evening programme and a quieter room if needed.

Sources: [S9] Oasis: official resort description | [R6] Expedia: Grand Oasis guest reviews and photos

Enjoy the place without spending away the savings

Choose one paid highlight. Let the all-inclusive do the rest.

Experience	Planning allowance for two	Best fit / trade-off
Resort beach, pools and scheduled activities	$0 extra when included	Best value; check equipment and class fees
Local shopping / town visit	$40-$100	Transport and light spending; souvenirs extra
Isla Mujeres independently	$180-$300	Ferry, ground transport and a modest meal
Guided snorkelling / boat outing	$180-$320	Check marine fees, transfer and weather policy
Chichen Itza guided day trip	$240-$400	Long day; verify admission and state fees
Cenote / local ruins outing	$100-$220	Check transport, life jackets and access

Allowances are our planning estimates in CAD, not live excursion quotes. They are optional additions to page 4 and must not be treated as included in the package. Avoid booking a major outing until flight and hotel dates are settled.

Pick the excursion that fits the location

For Dos Playas, Flamingo or All Ritmo, compare an Isla Mujeres day against the cost of ground transport to the ferry. Ultramar publishes current routes and fares. From the Riviera Maya resorts, a Playa del Carmen visit or a nearby guided cenote outing may use less transfer time than returning to Cancun. [A6]

Chichen Itza has separate federal and state admission components. INAH's September 2026 notice lists a combined foreign visitor admission of MXN 697; older pages show a different state amount. Verify the current combined entry price and tour inclusions rather than relying on an old headline price. [A7-A8]

A sensible shared spending agreement
Set aside $250-$350 for one outing for both of you, or keep the trip resort-focused. Decline optional upgrades until you have agreed which experience deserves the money.

Sources: [A6] Ultramar: ferry fares | [A7] INAH: Chichen Itza visitor information | [A8] INAH: September 2026 admission update

A relaxed week, not a checklist

Illustrative only. Apply after the actual hotel nights and flight times are confirmed.

Day	Plan	Cost control
Arrival	Pre-arranged transfer, check-in, meal, unpack	No prepaid excursion on arrival
First full day	Pools or beach; learn meal and activity schedules	Use the included programme
Second full day	Optional town visit or beach-club day at Riu	Agree a transport/spending cap
Third full day	One selected outing, weather permitting	Pre-agreed $250-$350 for two
Fourth full day	Rest, beach and a reserved specialty dinner	Avoid a second major paid tour
Fifth full day	Included sports or photos; small souvenir stop	Check any activity surcharge first
Last full day	Slow day; settle hotel charges; pack	Check transfer and airline notices
Departure	Breakfast if time permits; airport transfer	Leave the hotel at the operator's advised time

If the stay is shorter

For a five- or six-day listing, remove the town visit or last full day. Keep one flexible excursion at most. A late arrival or early return flight can remove much of a usable day, so compare usable holiday hours as well as the advertised duration.

Shared preferences to settle

Beach at the doorstep or acceptable shuttle? Quiet evenings or a busier entertainment programme? One king bed or two beds? Maximum walking distance? Dietary needs? A strict full-trip ceiling or a package-only ceiling? These answers may matter more than a $20 price difference.

Our suggested pairing
If you agree on a shuttle: verify Riu Lupita first. If direct beachfront Cancun is essential: compare Flamingo with a fresh Dos Playas quote. If cost is decisive: verify BlueBay's shorter stay and keep paid outings optional.

Prepare well, then relax

Check official advice again shortly before departure; conditions can change.

Safety and weather

Canada advises a high degree of caution in Mexico because of crime and kidnapping, with stronger regional warnings elsewhere. Tourist destinations still have risks. Use reputable, pre-arranged transport, avoid isolated areas after dark, protect valuables and watch drinks. Review the full advisory for your exact route. [A1]

Your dates fall within Atlantic hurricane season, which runs June 1-November 30. This does not predict a storm during your stay. Prefer changeable excursions and understand the policy for weather disruption before buying. Beach flags, currents and local closures take priority over holiday plans. [A5]

Health

Discuss routine vaccines and hepatitis A/B with a travel clinic. Use insect repellent and take food and water precautions. CDC identifies dengue and other insect-borne risks; it has also reported intestinal illness among returning Cancun/Riviera Maya travellers. Take prescriptions in original containers, use reputable medical services and check emergency medical and evacuation insurance. [A2]

Entry documents: nationality matters

Canadian passport holders generally do not need a Mexican tourist visa. A valid Canadian permanent resident card can exempt holders of other nationalities from a Mexican visitor visa requirement. A work or study permit is not the same document. Check the applicable exemption and passport conditions for each traveller before paying. Carry proof of accommodation, onward travel and the documents needed to return to Canada. [A3]

Local charges and emergency preparation

Quintana Roo's official VISITAX portal states that the foreign-tourist contribution is mandatory. It is separate from hotel environmental sanitation charges. Verify current amounts and whether anything is prepaid; avoid unofficial payment sites. [A4, S8]

Save your insurer's assistance number, hotel contact, booking reference and the official Canadian emergency-assistance page offline. Agree how you will contact each other if a phone is lost. [A9]

Sources: [A1] Canada: Mexico travel advice | [A2] CDC: Mexico traveller health | [A3] Mexican consulate: visa and residency documents | [A4] Quintana Roo: official VISITAX portal | [A5] NOAA: hurricane season and climatology | [A9] Canada: emergency assistance abroad

The quote we need before either of you pays

A short, practical checklist for comparing a package against separate bookings.

Confirm in writing	Why it matters
YEG departure; CUN arrival; two adults; one room	A Toronto headline is not your itinerary
Exact outbound/return flights and hotel nights	Day labels can conceal a short usable stay
Carrier, connections and any overnight stop	Connections can change cost and travel fatigue
Room category, bed request and meal plan	Room-only and all-inclusive rates are not equivalent
Checked/cabin bags and seat charges	Low fare does not establish included baggage
Airport transfers and meeting instructions	Do not assume pickup exists
Final taxes, hotel charges and VISITAX	Advertised taxes may exclude locally paid charges
Change, cancellation and disruption terms	Insurance is not automatic refund protection
Final CAD total and payment deadline	Use a timestamped quote or checkout summary

If buying separately

Compare both options at the same time. Match the room, board plan, dates and baggage. Confirm how a flight delay affects a separately booked hotel and transfer. A cheaper flight plus a non-refundable room can be a worse deal if there is no flexibility. Do not buy one component before verifying the other.

Copy-ready quote request

Please quote two adults, one room, Edmonton (YEG) to Cancun (CUN), all-inclusive. Compare departures October 30-November 3, 2026, for five to seven hotel nights, with return by November 10 if needed. Target $2,800 package total; show any alternative up to $3,200 separately. Itemize bags, transfers, local charges, flight times and cancellation terms. Do not book without our acceptance.

The wider return window above is a suggested search scope, not an assumed change to your approved dates or budget. No payment, contact with an agent, or booking has been made.

How to read the evidence

Hotel features come primarily from operators and official properties. Guest-review summaries are paraphrases of selected Expedia reviews, including positive and negative experiences. Ratings are snapshots, not predictions, independent inspections or comparable official star classifications. Reviews may describe different rooms, seasons or meal plans.

Photos are property promotional images displayed through Expedia/travel-assets, credited to the respective property or rights holder. They are included for personal trip evaluation, not presented as current inspection evidence. Crops are for layout only. Source pages above contain the original galleries.

Research limitations: dynamic prices changed during checking; booking engines did not provide a usable final quote. Flight schedules, hotel nights, room inventory and package inclusions remain unverified. Editorial recommendations and estimated allowances are our analysis. No affiliate links or commission-based ranking are used.

The honest proposal

A good holiday is a match between your expectations and the real offer. Our recommendation is to verify Riu Lupita first if you accept a shuttle, then compare a beachfront alternative. Keep the total budget visible, and choose together only after the written quote answers the open questions.
